

Marlboro Central School District Curriculum Map

Grade 2 Art

Type of Art	Project	Concepts	Skills	Time Frame
Collage	Charlie Harper Cardinals	<ul style="list-style-type: none"> -Students will understand how shape, an element of art, can create recognizable objects. -Students will learn about American artist Charlie Harper. 	<p>Students will create a collage based on the artwork of Charlie Harper. They will use various shapes to create the background elements as well as the cardinals which are in stark contrast to the background.</p>	2 classes
	Flip Flop Collage	<ul style="list-style-type: none"> -Students will learn about space and texture (elements of art) and how to create them in their artwork using collage paper. 	<p>Students will use collage paper to create waves. They will tear paper to create a sand texture. These will be the background for the flip flops. Their flip flops will be designed using oil pastels.</p>	3 classes
Painting	Mondrian Lines with Complimentary Colors	<ul style="list-style-type: none"> -Students will understand some of the elements of art (Color, line, shape). -Students will learn about the history and artwork of artist Piet Mondrian. 	<p>Students will create line drawings in the style of Piet Mondrian. They will learn about complimentary colors and use them in pairs to paint their drawings.</p>	5-6 classes

Drawing	Thiebaud Cakes	<p>-Students will learn about artist Wayne Thiebaud.</p> <p>-Students will understand and use shape, form and line (elements of art) to create their cakes.</p>	<p>Students will create drawings of three dimensional cakes with a slice taken out, in the style if Wayne Thiebaud. They will complete the cakes and then glue them onto symmetrical cake stands and painted pattern backgrounds.</p>	4 classes
	Name Crayons	<p>-Students will learn about line, an element of art, and how it can be used to create patterns.</p>	<p>Students will create paper crayons with their names on them, using line and pattern to create an interesting design.</p>	2 classes
	Mallard Ducks	<p>-Students will learn about shape and line (elements of art) to draw ducks.</p>	<p>Students will create drawings of mallard ducks based on photographs and teacher examples. They will create an environment for their ducks. These will be colored with oil pastel and painted with a blue wash.</p>	2-3 classes
	Warm/Cool Color Drawings	<p>-Students will learn about shape and color (elements of art) as well as symmetry to create their mirror image drawings.</p>	<p>Students will create a drawing on one side of their paper. They will use their new knowledge of symmetry to create the mirror image of that drawing on the other side</p>	4 classes

Drawing (cont.)	Figure Drawings	<p>-Students will learn about line and shape (elements of art) while learning to draw figures.</p> <p>-Students will be introduced to the artwork of American artist Keith Haring.</p>	<p>of their paper. They will learn about and use warm and cool colors to finish their drawings.</p> <p>Students will create drawings of people, using circles and ovals to create the figure. They will trace around the shapes, creating a complete person. They will then add details and a background.</p>	2 classes
Clay	Pinch Pot Monsters	<p>-Students will learn about form (element of art), and creating 3 dimensional forms using clay.</p> <p>Students will learn the score and slip technique.</p>	<p>Students will create pinch pots with their clay. They will turn the pot on its side to create a mouth for their monster. They will create smaller forms and add them on (score and slip) to create details.</p>	2 classes
Wax Resist	Starry Night	<p>-Students will learn about the life of Vincent van Gogh. They will reflect on his famous painting "The Starry Night".</p> <p>-Students will learn about space, line and texture (elements of art).</p>	<p>Students will create drawings showing foreground and background, along with texture and movement, inspired by van Gogh's "The Starry Night". They will color these with crayon and then paint them with dark color washes.</p>	3 classes

Wax Resist (cont.)	Underthe Sea	-Students will learn about space and shape (elements of art).	Students will create drawings of what's under the sea. They will use shapes to create the creatures, and line to create the background, including the horizon line (providing defined space). They will use watercolors to complete their work.	2 classes
