

Drawing (cont.)	Jim Dine Hearts	<p>-Students will learn about American artist Jim Dine.</p> <p>-Students will learn about the elements of art (value, color, line and shape).</p>	<p>Students will look at the artwork of Jim Dine. They will draw hearts and use line to break them into sections. They will choose two analogous color pastels along with their tints and shades to color their sections.</p>	4 classes
	Gesture Drawing Superheroes	<p>-Students will learn about how shape and line (elements of art) can be used to create form and movement in a figure.</p>	<p>Students will practice gesture drawing based on a mannequin. They will use these sketches to create their own superhero, drawing it showing movement. They will come up with a cause and superpowers to complete their poster.</p>	4 classes
	Minecraft Perspective	<p>-Students will learn about one point perspective and how to use it to create form.</p>	<p>Students will create a drawing of their own Minecraft character using one point perspective.</p>	2 classes
Clay	Creature Sculpture	<p>-Students will learn about form and textures (elements of art) as well as clay techniques.</p>	<p>Students will create an imaginary creature which they will describe in a paragraph. They will create the creature out of clay using clay techniques (score and slip) and create a texture in the clay.</p>	3 classes
