September 24, 2014

Dear Parent,

The Center for Research, Regional Education, and Outreach (CRREO) at SUNY New Paltz has been asked to administer a youth development survey by the Orange County BOCES. This survey is to be conducted with the participation of students in the Orange County from grades 8 through 12.

This survey provides valuable data to the county allowing for the support and development of prevention activities to increase the safety and wellbeing of children in Orange County. All school districts are invited to participate. Youth participation includes completing an anonymous on-line survey scheduled into available time during school. Youth will not need to log in or otherwise identify themselves to participate and all results will be reported in aggregate for each school.

If you would not like your child to take part in this survey, please contact your child's school. If you have any questions, please contact:

Guidance Office, Marlboro Middle School at (845) 236-5844
Guidance Office, Marlboro High School at (845) 236-5809

Thank you.

RAH:kf
